## Finding your way to Ripon from Chicago, Milwaukee, Green Bay or Appleton

### From Chicago:

Seek out I-294 (Tri-State Tollway) and head northbound (overhead signs read **Wisconsin**). When you merge with I-94 West, keep going *north* toward Wisconsin. As you near Milwaukee, watch for the **I-894** bypass and take this

### From Milwaukee Airport:

Exit the airport spur taking I-94 West. Move over quickly to either of the two left lanes to get on the I-894 bypass. Then follow instructions at right, starting with second paragraph.

if you would like to avoid downtown [and massive construction!].

I-894 ends at the Zoo interchange and becomes US Hwy. 45 (the overhead signs read **Fond du Lac**) – just keep heading north following 45. As you progress north out of

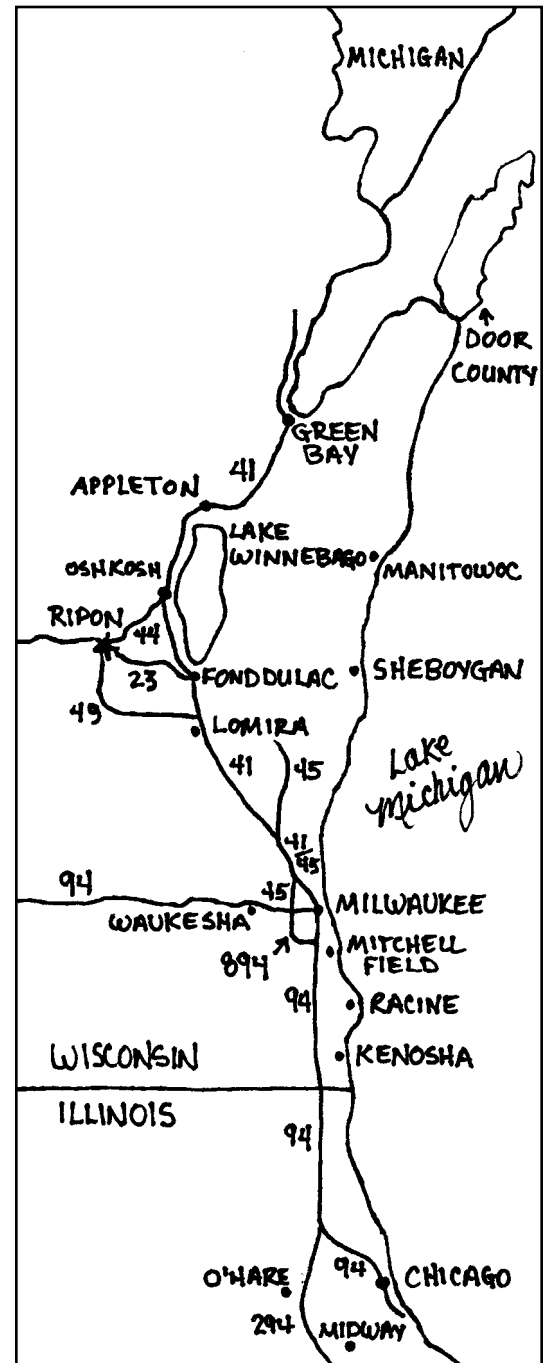

Milwaukee County, US Hwy. 41 will merge with you. Keep following Hwy. 41 heading for Fond du Lac (45 exits to the right heading for West Bend).

Once in Fond du Lac, watch for Exit 99 – Johnson St./Wis. Hwy. 23. Take that exit and at the stop light, take a left. Follow Hwy. 23 for 19 miles of pure Wisconsin countryside (go right on through Rosendale *and watch the speed limits!*) and then you arrive in Ripon!

### From Green Bay or Appleton:

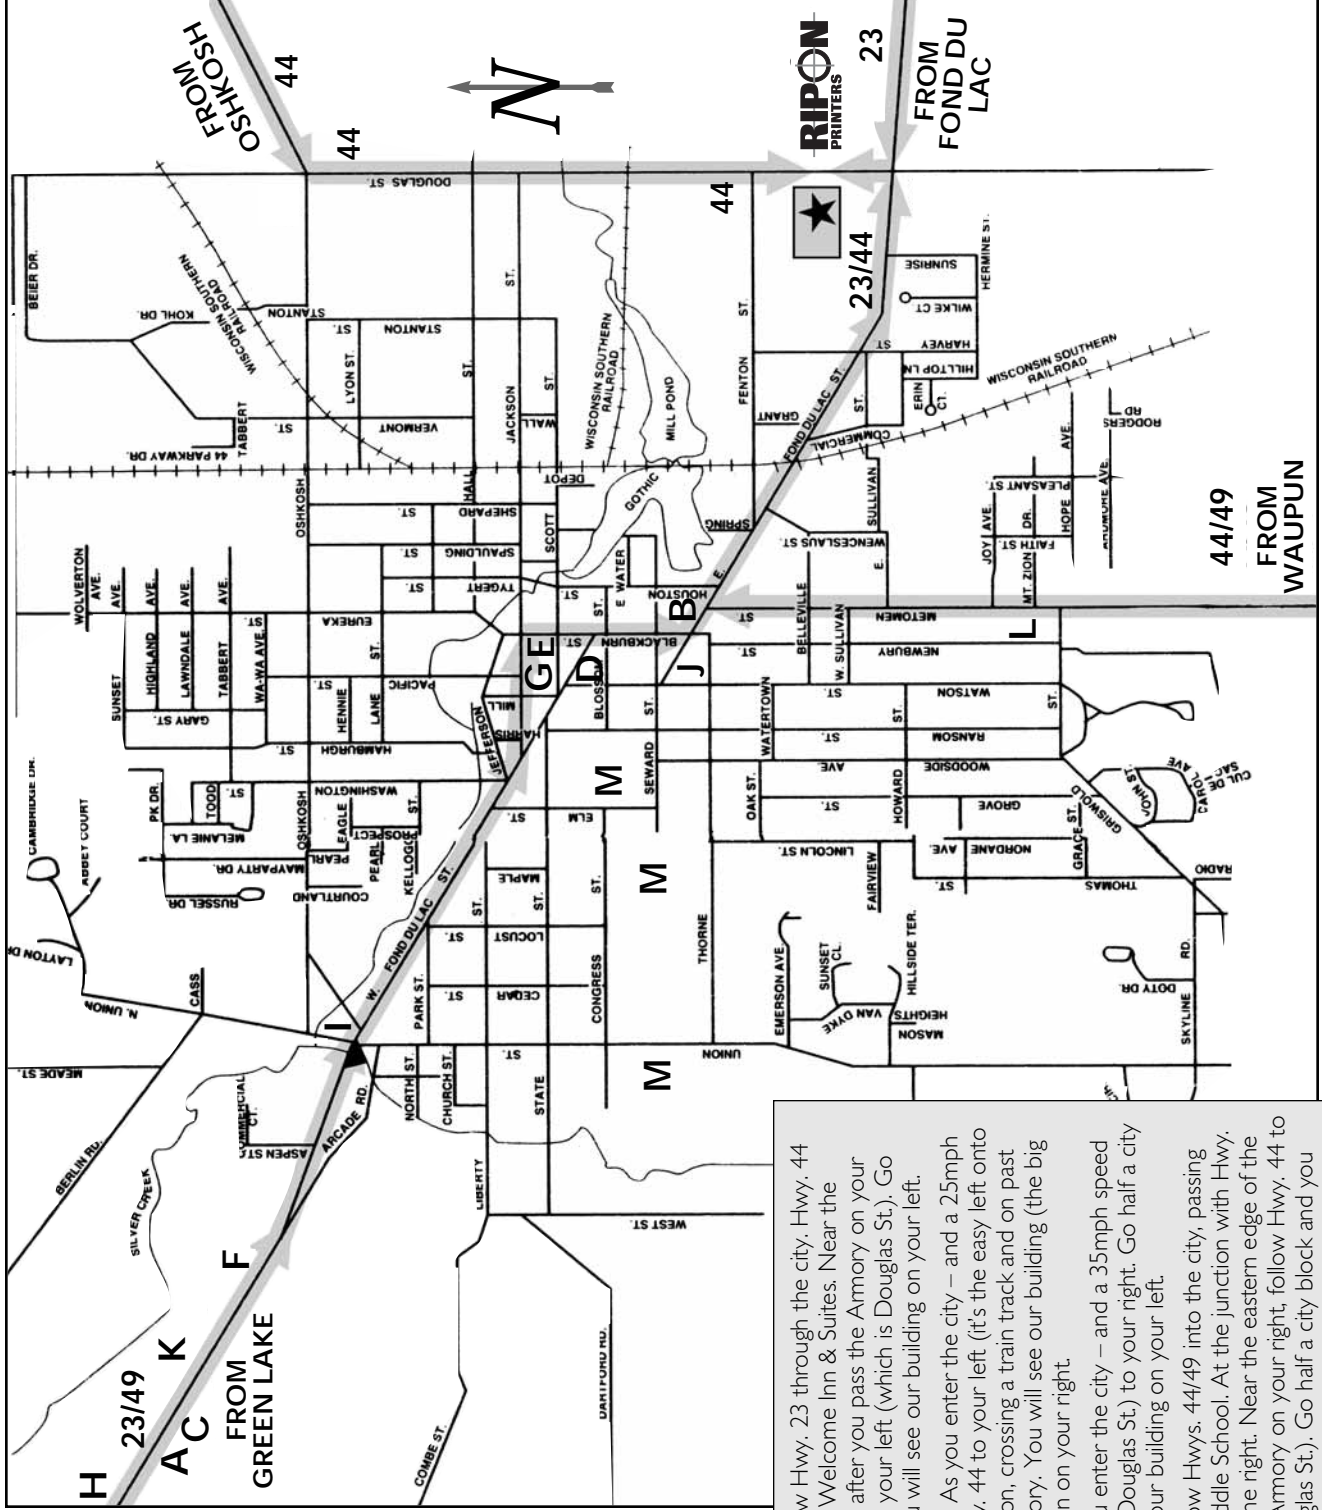

Seek out US Hwy. 41 – from Austin Straubel International Airport, take Wis. Hwy. 172 east; from Outagamie County airport, take Co. Hwy. CE/College Avenue to the east. Follow 41 southbound to Oshkosh. The fifth Oshkosh exit [Exit #116] is Wis. Hwy. 44. Take this exit and go to the right. Take 44 for 16 miles (as you go through Pickett, stop for a great ice cream cone at the PC Convenience Store) and then you arrive in Ripon!
