Sending files to Ripon Printers via WeTransfer.com

We have a Ripon Printers branded WeTransfer site that lets you transfer files up to 20GB in size at a time.

UPLOADING FILE(S)

To get started, visit: www.riponprinters.wetransfer.com

We appreciate the opportunity to review test files before submitting live jobs for production. We will provide feedback after reviewing your files. You can also send us **production ready files**, but we recommend using InSite.

Add up to 20 GB

The default email is jamesw@riponprinters.com Note: If you change the email address, WeTransfer will only allow you to add up to 2 GB

Next, enter **your email** address

In the message area, enter your contact info and let us know if you're sending **test files** to be reviewed or **production ready files**.
